NAMI California is a grass roots organization of families and individuals whose lives have been affected by serious mental illness. We advocate for lives of quality and respect, without discrimination and stigma, for all our constituents. We provide leadership in advocacy, legislation, policy development, education and support throughout California.

Introduction

NAMI California is “The State's Voice on Mental Illness.” We are committed to improving the lives of Californians living with serious mental illness and their families, and we are committed to supporting our Affiliates as well as our hundreds of volunteers.

NAMI California has 62 active Affiliates throughout the state of California. Each of our Affiliates has different needs based on size, location and availability of community resources. The Affiliates hold regular meetings, offer a variety of education and support programs from families and consumers, and provide various types of community education regarding mental illness.

NAMI California offers a range of programs and services that every Affiliate may elect to provide at the local level. Our organization is also very active in seeking funding to make all programs available to every Affiliate.

NAMI California History

The organization that we know today as NAMI California is the result of the efforts of a few courageous parent leaders, many families and thousands of individuals, friends, and professionals during the 1970s and 1980s to create an organization that would completely change the way we view mental illness. During that time, families dreamed of a day when individuals with mental illness were treated no differently than people living with other chronic illnesses. NAMI California was founded out of the need for families to be able to discuss mental illness openly and to have access to proper care within their communities.

It all began at a meeting of nine Northern California parent groups in Oakland, California on October 22 in 1977. The meeting was organized by three parents: Tony Hoffman, Fran Hoffman, and Eve Oliphant, who founded and led the organization from the late '70s into the 1980s, and were joined by many other parent-leaders, families, consumers and supporters over the years. Together, they started an organization that turned into a national movement to inform and educate the country about mental illness and advocate for the rights and care of mentally ill family members. It is an organization that has changed the way we think, treat, and care for mental illness forever.
Stigma Reduction Programs
In 2011, NAMI California began groundbreaking new work in stigma reduction and prevention and early intervention programs with funding from the California Mental Health Services Authority (CalMHSA).

NAMI California’s 62 Affiliates were provided with the tools, resources and training needed to deliver the four Stigma and Discrimination Reduction (SDR) Programs throughout the state.

Stigma & Discrimination Reduction — Key Results:

SDR Program Breakdown:

- **In Our Own Voice** – A unique public education program in which two trained consumer speakers share compelling personal stories about living with mental illness and achieving recovery.

  - **8,785 Participants**

- **Parents & Teachers as Allies** – A free, one to two hour in-service program that focuses on helping school professionals and families within the school community better understand the early warning signs of mental illnesses in children and adolescents.

  - **810 Participants**

- **Ending the Silence** – A free, 50-minute presentation designed to give students and opportunity to learn about mental illness through discussion and short videos.

  - **11,358 Participants**

- **Provider Education** – A free, five-session course for mental health workers and professionals to learn what it is like to live with mental illness from the individual and family perspective.

  - **301 Participants**

Mental Health Services Oversight and Accountability Commission (MHSOAC) Programs

Program Impact

Though critically important funding from the Mental Health Services Oversight and Accountability Commission (MHSOAC), NAMI (National Alliance on Mental Illness) California has been able to offer expanded programs and trainings, reach new audiences and ensure stakeholder involvement in the MHSA.

NAMI Signature Education Courses

Program Trainings
A total of 32 state-funded trainings were conducted during the 2014-2015 Fiscal Year, in which many Affiliates throughout the state participated. NAMI California implemented a local training strategy this fiscal year for several programs, in order to offer more Affiliates the opportunity to train more people in a single event. This resulted in five local trainings, reaching 47 new program leaders.

Program Trainings and People Trained

Employee Trainers
NAMI CA hired over 20 Program Trainers as part-time NAMI CA employees, in addition to providing more structure and guidance to these positions. NAMI CA was also able to streamline the process of Trainers receiving payment for their expertise.

Advocacy Programs Impact – Key Results:

5 of NAMI CA's 2015 priority bills were signed into law by Governor Brown
- Law Enforcement Training: SB 11 & SB 29 (Beall)
- MIOCR Grant/Jail Diversion Programs: SB 621 (Hertzberg)
- Access to Medication: AB 374 (Nazarian)
- Supportive Housing: AB 1056 (Atkins)

Local Impact
In the fall of 2015, NAMI California surveyed 45 Affiliates, most of whom had participated in a Regional Meeting. Questions included whether the Affiliate is actively engaged in their county’s annual MHSA plan update process, and whether any members of the Affiliate also sit on the county Mental Health Commission or Board, or an advisory body to the Commission.

- NAMI Affiliates engaged in MHSA plan updates in 37 counties.
- NAMI Members participate on Mental Health Commissions or Boards (or advisory body) in 31 counties.
students. Students and advisors will take part in full day training about raising mental health awareness on campus, creating a more supportive environment at school, and learning about mental health and illness.

NCHS is being developed through a partnership with the California Department of Education and Placer County Office of Education.

NAMI on Campus College is a mental health awareness and advocacy program for college campuses. It brings together college students, faculty and staff to bring attention to mental health, wellness, stigma reduction and resources for students to access. Clubs are led by students and work closely with their local Affiliates.

### Looking Ahead

In the year ahead, the NAMI California Programs Department will be working on developing and strengthening several exciting programs:

**NAMI Homefront:** In 2016, NAMI CA plans to launch NAMI Homefront in California. Based on the nationally recognized NAMI Family-to-Family program, NAMI Homefront is designed to address the unique needs of family, caregivers and friends of those who have served or are currently serving our country. The program is taught by trained family members of service members/veterans living with mental health conditions.

**NAMI on Campus High School (NCHS):** Through partnerships with the California Department of Education and other community organizations, NAMI CA will be conducting more NCHS trainings at school districts throughout the state. We plan to incorporate a Train the Affiliate module so Affiliates are able to train schools locally.

**More Local Trainings:** NAMI CA will offer even more local trainings in more programs in the next year. Affiliates will have more opportunities to train more leaders in a single program or launch a new program.

**NAMI on Campus High School (NCHS):** is a student mental health awareness club for high school
July 2014 marked NAMI California’s 1st Annual Bebe Moore Campbell Minority Mental Health Month Advocacy Day.

In partnership with the Assembly Select Committee on Mental and Behavioral Health, NAMI California sponsored an Assembly Concurrent Resolution to recognize July as Minority Mental Health Month. NAMI California members shared testimonies of their experiences as family members and consumers, and barriers that exist for members of diverse communities to access mental health care.

Regional Meetings
NAMI California held six regional meetings throughout the year, reaching 16 counties.

Regional meetings have two primary outcomes:

1) Train local advocates, primarily consumers and family members, to share their stories with mental illness and mental health care in support of improved mental health services.

2) Build relationships between local advocates and county behavioral health departments, in order to facilitate stakeholder input in MHSA program design and evaluation.

- October, 2014: San Joaquin County
- November, 2014: San Diego County
- January, 2015: Santa Clara County
- April, 2015: Orange County
- April, 2015: Riverside County
- June, 2015: Santa Barbara County

Directing Change Legislative Day
NAMI California engaged young people in the legislative process by creating a Legislative Day for approximately 80 students from the Directing Change Stigma Reduction and Suicide Prevention Student Film Contest. After receiving advocacy training from NAMI California, students conducted 30 legislative visits to discuss the impact of mental health and mental illness on their lives, and importance of prevention and early intervention.
Annual MHSA Programs Report

NAMI California published the 2015 MHSA Programs Report in August and made it available to Affiliates, legislators, Behavioral Health Directors, and interested members of the public. By compiling this report, NAMI California further strengthens our relationships with County Behavioral Health Departments. The report itself is invaluable as the only comprehensive statewide catalogue of MHSA-funded programs that is updated annually. NAMI members, advocates, county staff, consumers, family members, and providers utilize this resource to find services, and to advocate for the right services.

Web Highlights:
- 300 News Stories
- 12,604 Subscribers to NAMI CA’s Electronic Newsletters
- 3,728 Followers
- Visits to NAMI CA’s website: 186,083

Bilingual PSA Campaign
- 992 in Spanish
- 5,902 in English
- 6,894 Total PSAs

Advertising and Translation:
Banners were placed on both the inside and outsides of buses in the targeted areas of Latino, Chinese, Korean, and African American communities

Public Service Announcements:
NAMI CA worked with California Broadcasting Association to create public service announcements in English and in Spanish

NAMI CA 2015 Annual Conference Highlights:
NAMI California hosted over 400 attendees from all over the state at our 2015 Annual Conference. The conference took place in Newport Beach, California on August 21st and 22nd with the theme, “Bringing Communities Together.”

Community Engagement Department
NAMI California’s goals for Community Engagement include adapting NAMI programs to make them more culturally and linguistically competent, providing support for Affiliates in their multicultural outreach endeavors, strengthening partnerships with cultural organizations, and hosting the Multicultural Symposium.

2014–2015 multicultural outreach activities included:
- Monthly webinar training and technical assistance to NAMI Affiliates and the community on capacity building and cultural communities.
- Launched and piloted Mental Health 101 (MH101) and videos, for the Native American, Latino/a, Young Adult, Asian and Pacific Islander, African American and LGBTQ (Lesbian, Gay, Bisexual, Transgender and Questioning) communities.
- 2nd Annual Multicultural Symposium held in Newport Beach, CA.

NAMI CALIFORNIA
MENTAL HEALTH 101
2015 Multicultural Symposium Highlights:
Following a successful debut in 2014, NAMI California held its second annual Multicultural Symposium on Thursday, August 20, 2015, at the Newport Marriott Hotel & Spa. This year’s symposium, titled, “Thread of Strength: Weaving the Future,” focused on strengthening cultural ties and generating culturally responsive outreach strategies for local communities.

Mental Health 101
The Mental Health 101 (MH101) was piloted statewide in early 2015 in partnership with 12 NAMI Affiliates. NAMI California is positively impacting diverse communities through the delivery of MH101, which teaches individuals about mental health conditions through an informative presentation, short videos, and personal testimonies through a lens representative of a variety of cultures, beliefs, and values. MH 101 offers hope and encouragement from culturally diverse individuals with lived experience and their supporters, by helping to address the stigma associated with mental illness through education, support and advocacy. Presentations are offered to all, with a specific focus on the African American, Asian & Pacific Islander, LGBTQ, and the Native American communities. NAMI California has successfully achieved:

- **Three** statewide MH 101 Presenter trainings
- **30** trained MH 101 Presenters representative of diverse communities
- More than **30** MH 101 presentations
- Reaching more than **600** audience members throughout California

Cultural and Linguistic Webinars:
NAMI California partnered with the Union of Pan Asian Communities (UPAC) to facilitate NAMI California’s 2015 Cultural and Linguistic Responsiveness Statewide Webinars where UPAC coordinated six different topic areas:

- NAMI CA Cultural and Linguistic Responsiveness Toolkit, reaching **16** participants;
- Outreach to Transitional Aged Youth, reaching **29** participants;
- Outreach to Older Adults, reaching **69** participants;
- Outreach to Veterans, reaching **31** participants; and
- Outreach to LGBTQ Adults, reaching **41** participants.

Total of **181 participants** throughout the state.
