

Professionals Presenter Webinar Training for Affiliates

About

The NAMI CA Presentation for Professionals is a 60 minute presentation designed to provide a brief introduction to the topics of mental health, mental illness, stigma, and how to reduce stigma and create a more accepting and inclusive environment. At the end of the presentation, attendees will be able to:

- **Describe NAMI CA and have an understanding of programs and services**
- **Understand the mental health continuum**
- **Dispel myths about mental illness and fight back against stigma**
- **Know where to refer people needing help**

This presentation serves as an introduction to these topics, and not as an in-depth education. Groups that have requested this presentation and been presented to include healthcare insurance offices; healthcare call center staff; social workers; hospice workers; in-home care staff and pharmacists. *These groups are not the only groups that would benefit!

Apply Today to be a Presenter for the Professionals Presentation!

We are looking for passionate NAMI affiliate leaders with experience in giving presentations who can present to their community! *Affiliates participating in this training will need to submit a post-presentation report to us when they give a presentation.
