Dear NAMI California Members and Colleagues,

The indomitable spirit of NAMI members and their family members to pull together in tough times is unparalleled and a source of true inspiration for all of us. NAMI heroes across the state, continue to fight through difficult times and never stop in their quest to improve care in their communities. In the 2016-2017 year, at the NAMI California office, we launched forward with the fighting spirit NAMI is known for in tough times into an amazing year filled with new successes and challenges we are excited to tackle.

NAMI California continues to have more impact than ever, expanding the number of people we serve and families we reach. NAMI California and our affiliates across the state reached over 20,000 peers and family members through our signature education programs and support groups and reached over 70,000 youth through our NAMI on Campus High School program.

We do this while continuing to advocate for a broad continuum of prevention, family support, and education. In 2017, in partnership with our fierce advocates from across the state we were happy to see outstanding bills for improved housing, mental health parity, and access to treatment for those with serious mental illness, many of which were signed into law!

Our team has worked hard this year to ensure we are serving the diverse needs of California through new and expanded programs reaching underserved, and unserved communities. We have done this not only through our education and advocacy programs, but also largely through engaging in statewide dialogues with communities about their experiences and what their true needs are. One size rarely fits all, and we need to have a laser focus on the needs of every person, family and community in our state, so we can reach a day where we are all able to get our care needs met.

With your continued support, NAMI California will keep expanding and diversifying our services, broadening our outreach to families, cultivating our partnerships, and fulfilling NAMI California’s mission to advocate for those affected by mental illness and their families. We will continue to meaningfully engage our legislators, government leaders, and policy makers to ensure mental health remains an essential health benefit for all people.

I am so proud of the strides NAMI California has made with the help of our many partners and supporters. We hope you will share our pride and encouragement as you read through the following pages. We need your voice and efforts more than ever, and we strive every day to make you proud of NAMI California.

Sincerely,

Jessica Cruz, MPA/HS

Intro

NAMI California is “The State’s Voice on Mental Illness.” We are committed to improving the lives of Californians living with serious mental illness and their families, and we are committed to supporting our Affiliates as well as our hundreds of volunteers.

NAMI California has 62 active Affiliates throughout the state of California. Each of our Affiliates has different needs based on size, location and availability of community resources. The Affiliates hold regular meetings, offer a variety of education and support programs from families and consumers, and provide various types of community education regarding mental illness.

NAMI California offers a range of programs and services that every Affiliate may elect to provide at the local level. Our organization is also very active in seeking funding to make all programs available to every Affiliate.

History

The organization that we know today as NAMI California is the result of the efforts of a few courageous parent leaders, many families and thousands of individuals, friends, and professionals during the 1970s and 1980s to create an organization that would completely change the way we view mental illness. During that time, families dreamed of a day when individuals with mental illness were treated no differently than people living with other chronic illnesses. NAMI California was founded out of the need for families to be able to discuss mental illness openly and to have access to proper care within their communities.

It all began at a meeting of nine Northern California parent groups in Oakland, California on October 22 in 1977. The meeting was organized by three parents: Tony Hoffman, Fran Hoffman, and Eve Oliphant, who founded and led the organization from the late ’70s into the 1980s, and were joined by many other parent-leaders, families, consumers and supporters over the years. Together, they started an organization that turned into a national movement to inform and educate the country about mental illness and advocate for the rights and care of mentally ill family members. It is an organization that has changed the way we think, treat, and care for mental illness forever.
STIGMA REDUCTION PROGRAMS

NAMI California continued our groundbreaking work in stigma reduction and prevention and early intervention programs with funding from the California Mental Health Services Authority (CalMHSA).

NAMI California’s 62 Affiliates were provided with the tools, resources and training needed to deliver the four Stigma and Discrimination Reduction (SDR) Programs throughout the state.

Stigma & Discrimination Reduction – Key Results:

- **17,439 Participants**
- **751 Presentations**
- **59 New Presenters**

### SDR Program Breakdown:

#### In Our Own Voice (IOOV) — ✔️ 7,691 Participants
A unique public education program in which two trained consumer speakers share compelling personal stories about living with mental illness and achieving recovery.

#### Parents & Teachers as Allies (P&TasA) — ✔️ 262 Participants
A free, one to two hour in-service program that focuses on helping school professionals and families within the school community better understand the early warning signs of mental illnesses in children and adolescents.

#### Ending the Silence (ETS) – ✔️ 8,757 Participants
A free, 50-minute presentation designed to give students and opportunity to learn about mental illness through discussion and short videos.

#### Mental Health 101 (MH101) – ✔️ 729 Participants
A 60-to-90 minute presentation program designed for diverse audiences for use with general audiences and a targeted attention to cultural responsiveness.

The table below illustrates the class and training data in California for each of the three education course programs for the 2016-2017 Fiscal Year:

FAMILY AND PEER PROGRAMS - FY 2016-2017

NAMI CA offers several programs to provide education, support and resources to individuals and families that are impacted by mental illness. Below is key data that reflects the impact NAMI CA has had in the past year.

Peer Programs Impact – Key Results:

- **Peer to Peer**
  - Sessions Held: 286
  - People Reached: 286

- **Connection**
  - Sessions Held: 588
  - People Reached: 4,326

Family Programs Impact – Key Results:

- **Family to Family**
  - People Reached: 2,538

- **Basics**
  - Sessions Held: 535
  - People Reached: 4,624

- **Provider Education (PE)**
  - People Reached: 211

- **NAMI Homefront**
  - People Reached: 17

**NAMI On Campus**

NAMI CA oversees the implementation of two peer led mental health awareness and stigma reduction programs for educational campuses. NAMI on Campus High School (NCHS) is designed specifically for high schools, and has had the following impact.

*Data reported online by Affiliate Coordinators and Presenters directly to NAMI. Data reflects reported classes and support groups and may differ from actual classes and support groups conducted.
Our Mental Health 101 (MH101) program continues to help us reach diverse communities through our partnership with the 7 NAMI Affiliates who use this presentation in their communities. NAMI California is positively impacting diverse communities through the delivery of MH101, which teaches individuals about mental health conditions through an informative presentation, short videos, and personal testimonies through a lens representative of a variety of cultures, beliefs, and values. MH 101 offers hope and encouragement from culturally diverse individuals with lived experience and their supporters, by helping to address the stigma associated with mental illness through education, support and advocacy. Presentations are offered to all, with a specific focus on the African American, Asian & Pacific Islander, LGBTQ, and the Native American communities.

NAMI CA has successfully achieved:

- **3 Statewide Trainings**
  Three statewide MH 101 Presenter trainings

- **55 Presentations**
  More than 55 MH 101 presentations

- **44 New Presenters**
  44 new trained MH 101 Presenters representative of diverse communities

- **729 Reached**
  Reaching more than 729 audience members throughout California
Family and Peer Support Specialist Training Program

The Family/Peer Support Specialist Webinar Training program was piloted statewide in October 2015 in partnership with 4 NAMI Affiliates. This year we expanded our program each and more than doubled placement of graduated participants. The 70 hour webinar training program is devoted to giving peers and family members an opportunity to learn about educational skills such as the Recovery Model, Communication Skills, Trauma Informed Care, among others. All 19 webinar training sessions are guided by trained presenters and provide opportunities for live participant interaction. The goal of this program is to provide individuals with lived experience as a peer or family member Behavioral Health educational training, one-on-one career counseling, and support to volunteer or work in the Behavioral Health Field.

NAMI CA has successfully achieved:

- **6 Activities**
  - 6 Outreach & Recruitment Activities that reached **713 individuals**

- **165 Graduates**
  - 165 graduated participants from the training program

- **134 Participants**
  - 134 participants have been placed in volunteer and/or employment positions in the Behavioral Health Field in counties across the state.

People Reached by NAMI CA Programs

- **7,691** in **Homefront**
- **8,757** in **In Our Own Voice**
- **2,538** in **Parents & Teachers As Allies**
- **4,624** in **Mental Health 101**
- **4,326** in **Ending the Silence**
- **269** in **Provider Education On-Campus**
- **69** in **Peer-to-Peer**
- **511** in **Family-to-Family**
- **69** in **Family Support Group**
- **211** in **Basics**
- **511** in **Connection**
70 Attendees
Nearly 70 individuals participated in regional meetings from various backgrounds – including behavioral health staff, family members, peers and consumers, and other longtime community leaders.

60 Legislative Visits and 20 Meetings
Partnered with CALACAP and UACF to host annual Children’s Mental Health Spring Advocacy Day where we held 60 legislative visits in Sacramento. We also hosted our annual Bebe Moore Campbell National Minority Mental Health Awareness Month Capitol Day and held 20 legislative meetings.

Advocacy Programs Impact – Key Results:

7 Bills Signed
7 of NAMI California’s 2017 priority bills were signed into law by the Governor.

✔ AB 470 (Arambula)
Medi-Cal: specialty mental health services: performance outcome reports
✔ AB 501 (Ridley-Thomas)
Mental health: community care facilities
✔ AB 727 (Nazarian)
Mental Health Services Act: housing assistance
✔ SB 323 (Mitchell)
Medi-Cal: federally qualified health centers and rural health centers: Drug Medi-Cal and specialty mental health services
✔ SB 374 (Newman)
Health insurance: discriminatory practices: mental health
✔ SB 565 (Portantino)
Mental health: involuntary commitment
✔ SB 684 (Bates)
Incompetence to stand trial: conservatorship: treatment

45 Advocates
attended Capitol days with 79 legislative meetings conducted, 162 advocates trained

32 State-Funded Trainings
were conducted during the 2015-2016 Fiscal Year, in which many Affiliates throughout the state participated.

47 New Program Leaders
NAMI California implemented a local training strategy this fiscal year for several programs, in order to offer more Affiliates the opportunity to train more people in a single event. This resulted in five local trainings, reaching 47 new program leaders.
Bebe Moore Campbell Advocacy Day

National Minority Mental Health Awareness Month was created in honor of author and NAMI Urban LA founder Bebe Moore’s goal of creating mental health awareness and eliminating stigma among diverse communities. Today Bebe Moore’s vision and passion is still very much an active part of NAMI advocacy efforts to address the needs of underserved and underserved populations. During July 2017, NAMI California held the 4th Annual Bebe Moore Campbell National Minority Mental Health Awareness Month Capitol Advocacy Day in Sacramento, California.

Thirty participants from all over California advocated for access to treatment, crisis services, criminal justice reform, housing and culturally relevant mental health services for underserved communities. Advocates conducted twenty legislative visits in support of these bills, educating legislative staff on Bebe Moore Campbell and the importance of utilizing National Minority Mental Health Awareness Month to eliminate stigma and reach underserved communities. As a result, participants reported feeling more empowered to advocate in their communities.

Attendees left more informed and empowered to share lived experience as a method to pursue good mental health policies. One participant stated, “When legislative issues are being posed that affect mental health services, I will now know how to approach my representative.” Individuals expressed great gratitude for NAMI California coming out into the community to hear and support advocacy engagement opportunities.

Fresno County December 2, 2016

During December 2016, NAMI California with the support of NAMI Fresno hosted a regional meeting in Fresno county. We had about 37 attendees representing multiple counties from various backgrounds including behavioral health staff, family advocate roles, peers and family members as well as longtime advocate leaders in the community.

Regional Advocacy Meetings

Regional Advocacy Meetings are designed to bring together members of the public, family members, community-based organizations, program leaders, and affiliates to discuss priority issues.

A big part of these meetings is working with County Behavioral Health staff to discuss the public planning process and share ways members engage with that process. Programs like NAMI Smarts are offered the meeting. These meetings are crafted based off the affiliate and community needs while fitting into the specific materials used. Real stories are the most potent motivator for legislators. Regional advocacy meetings are designed to equip individuals with tools to use their voice to influence policy.
Sacramento County April 17, 2017

During April 2017, NAMI California with the support of NAMI Sacramento hosted a regional meeting in Sacramento County. We had about 30 attendees participate from Northern and Central Valley counties during the meeting with various experiences as either a family member, peer or provider.

Attendees shared feelings of empowerment and expressed the desire to train other peers regarding mental health advocacy to share lived experiences to influence legislation. Attendees’ advocacy skills were enhanced through use of informative tools and supported development of more concise and focused story telling.

NAMI CA Website

- **57** News Stories

- **144,701** Visits to NAMI CA’s webpage

Prioritizing Input from our Members

With NAMI CA’s members spread across most of California’s diverse counties, it was important for our agency to prioritize legislative issues in a meaningful way. This year we used a new strategy for incorporating member input into this year’s legislative priorities. We surveyed members via electronic communication, requesting members to prioritize topics among those listed within the NAMI California Public Policy Platform. Below are the results.

Using rounded numbers:

- **5,000** Surveys were sent out
- **500** People Responded
- **10%** Response Rate

Priority subjects in descending order for the first ten subjects were:

1. Access to treatment
2. Housing
3. Family involvement in treatment
4. Full array of services and supports
5. Crisis services
6. Mental health parity
7. Criminal justice and forensic issues
8. Early diagnosis
9. Community systems
10. Access to psychiatric medications

The Policy Committee studied the responses and agreed to look at the following year’s bills through the lens of the membership survey responses, Public Policy Platform, and Strategic Plan to recommend the list of Legislative Bill priorities to the Board.
NAMI CA 2017 Annual Conference Highlights:

Over 500 attendees participated in our 2017 Annual Conference “Joining Forces: Building a Movement of Community Collaborations”. Our conference was held in Newport Beach California on August 25th & 26th.

Our Keynotes this year were Gayathri Ramprasad, MBA, CPS, Founder & President of ASHA International, Alex Kopelowicz, MD, Professor in the Department of Psychiatry and Bio Behavioral Sciences, UCLA School of Medicine, Medical Director of the San Fernando Mental Health Center, and Suzy Hamilton, three Time Olympian & Mental Health Advocate.

We featured five plenary sessions and 18 workshops focusing about Advocacy, Criminal Justice, Consumer and Families, Engaging Diverse Communities, Providers, and Young Adults.

**ADVOCACY**
Focused on new and innovative ways to advocate, current policies and their impact on all levels (local, state and nation wide), and training tools to effectively utilize grassroots advocacy efforts.

**CONSUMERS & FAMILIES**
Focused on strengthening our voice as a unified organization of lived experiences, increase visibility and impact, and promote mental health wellness and recovery.

**CRIMINAL JUSTICE**
Focused on strategies around incorporating and partnering with the law enforcement, the Justice system, and other criminal justice sectors.

**ENGAGING IN DIVERSE COMMUNITIES**
Focused on strength-based approaches and best practices to engage diverse communities, increase access to programs and services, and reduce the stigma and discrimination among diverse populations.

**PROVIDER**
Workshops will focus on best practices for primary care, hospitals, nurses and other health care providers when working with individuals who have mental health diagnoses.

**YOUNG ADULTS**
Focused on strategies and best practices for educators, early identification and intervention, and reducing stigma and discrimination for ages 18-24.
For the past four years, the Multicultural Symposium has merged diverse communities in one place in an effort to engage community leaders from public and private sectors in an open and candid discussion around best practices that can help us to better serve all individuals and families struggling with mental health challenges. In 2017 we continued the conversation with the same amount of passion and commitment. With 8 speakers and panelists and over 79 participants, our 2017 Multicultural Symposium titled, “Building the Future: Connecting Communities for a Better Tomorrow” aspired to close the gaps of stigma and bring together statewide community and public systems of care leaders to provide an open dialogue about the successes organizations have experienced with innovative and strength-based approaches to achieving wellness and equity for unserved and underserved populations. Highlights of the event included breakout sessions, Keynote Speakers, County and Community Panel, and an afternoon breakout session.
